

COERR MAE HONG SON
Pictorial Report
August 2011

Child Protection

Saturday Activities in Ban Mai Nai Soi camp, Muang District, Mae Hong Son Province: August THEME: LIGHT [**I LEARN I PLAY I KNOW**]: Refugee Children learn the process of candle production by making candle and getting the candle for study during examination. Children express that they understand now that to have one candle is not easy so they will use it economically.

Saturday Activities in Ban Mae Surin:
THEME is "PLAY FREELY"

Community Service to the Extremely Vulnerable Individuals (EVIs) and Healing of Memories

Peace committee & COERR staffs with chili seedling for distribution

Visit sick elderly at hospital

Prayed with clients

One Peace Day and Friendship Day conducted in Ban Mai Nai Soi and Ban Mae Surin camps on Aug. 18-19. Visits to Vulnerable people are conducted at home and hospital to provide moral support through prayer and counseling. Every visited house will receive 5 chili seedlings.

BMN Visitors walk through the community to visit EVIs

BMS Visitors walk through the community to visit EVIs

Talk to ill elderly to provide moral support

Sustainable Agriculture and Environment Protection

Training for Agricultural Trainers (TOT) at Ban Mae Surin camp

Subject: Use simple technology to improve agriculture

Appropriate preparation of soil

Row cover to prevent insects/pests

Plastic sheeting to prevent weeds

Drip irrigation method to save water

Basic Agricultural Training for New Trainees at BMS and BMN

U shape farming

Terraced farm with elephant grass growing to prevent erosion

Fast growing crops available in the nearby area were grown to cover soil surface, plow to provide green manures to increase soil fertility

Cultivating Effective Micro-organism (EM) to improve soil and crop quality

Refresher Courses for Previously Trained Participants at BMS camp

Training organic agriculture for Children in Boarding Houses (Peniel and Freedom House)

The Impassable roads could not discourage COERR staff: During August, rainfalls caused the river near BMS camp to be high and impassable for cars. In order to work in the camp, everyday, our officers have to park the car near the 1st river then walk about 30 minutes to reach the camp, with camp based refugee workers helping to carry all stuffs
